

THE XERIC AKA ROCK GARDEN

PLANT LEGEND			
Symbol	Qty	Common	Botanical
	7	Bluebunch Wheatgrass	<i>Pseudoroegneria spicata</i>
	1	Curly Leaf Mtn Mahogany	<i>Cercocarpus ledifolius</i>
	4	Cutleaf Penstemon	<i>Penstemon richardsonii</i>
	4	Fringed Sagebrush	<i>Artemisia frigida</i>
	1	Great Basin Wildrye	<i>Leymus cinereus</i>
	3	Prickly Pear	<i>Opuntia columbiana</i>
	1	Purple Sage	<i>Salvia Dorrii</i>
	4	Rock Buckwheat	<i>Eriogonum sphaerocephalum</i>
	2	Snow Buckwheat	<i>Eriogonum rivium</i>
	5	Sulfur Buckwheat	<i>Eriogonum umbellatum</i>
	3	Sunset Hyssop	<i>Agastache rupestris</i>
	2	Threadleaf Daisy	<i>Erigeron filifolius</i>
	3	Wyeth Buckwheat	<i>Eriogonum baccoides</i>
	2	Yarrow	<i>Achillea millefolium</i>

This planting plan is provided as an inspirational guide in establishing your Heritage Garden and/or low water-use landscape. This drawing does not constitute a professional landscape design, all property lines and dimensions are approximate. Always call 811 to determine the location of buried lines before you dig. Large Rocks have been added to help create structure and microclimates for plants. Pathways should be constructed of material that provides a stable walking surface (ex. crushed basalt). Weed control should be conducted prior to planting to insure a suitable planting bed. Supplemental irrigation is required for plants that have a water requirement greater than <10 inches.
